

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p>I. POPULATION ¹</p> <p>1. Total Population</p> <p>2. Population by age group (0-4, 5-9, 10-14, 75-79, 80+)</p>	<p>Total # of people who usually reside in Belize regardless of where they spent Census night.</p>	<p><u>Central Statistical Office</u>: Mid Year Estimates</p> <p><u>Central Statistical Office</u>: Mid Year Estimates</p>	<p>National</p> <p>National</p>	<p>Region, Sex & Ethnicity</p> <p>Age Group and Sex</p>	<p>De jure method as it includes members of the household who were elsewhere on Census Day</p>
<p>II. FAMILIES AND HOUSEHOLDS ²</p> <p>1. Population by marital status and age group</p> <p>2. Population by union status</p>	<p>Married, Widowed, Divorced, Legally separated, never married</p> <p>Married, Common-law union, Visiting partner, Married but not in union, Separated and not in union, Widowed and not in union, Divorced and not in union, not in union</p>	<p><u>Census</u>: Central Statistical Office</p> <p><u>Census</u>: Central Statistical Office</p>	<p>National</p> <p>National</p>	<p>Age group and Sex</p> <p>Age group and Sex</p>	

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
3. Total Fertility Rate (births per woman)	The average # of children that would be born alive to a woman during her lifetime, if she were to experience the prevailing age-specific fertility rates during her childbearing years	<u># of births to women aged 15-49</u> : General Registry <u># of women aged 15-49</u> : Central Statistical Office	All registered births	N/A	# of live births to women aged 15-49/# of women aged 15-49
4. Contraceptive use by union status, age group, rural/urban, type	# of Females currently using Sterilization, Orals Injection, Rhythm/Billings, Condoms, IUD, other	<u>Family Health Survey</u> : Central Statistical Office, 1991 & 1999	Country-wide	Age group, Urban/Rural, Ethnicity, Marital & Union Status	# of women currently using contraceptives/# of women
5. Household by size and head of household	A household consists of one or more persons living together i.e. <u>sleeping most nights of a week AND sharing at least one daily meal.</u> The head of the household is the person accepted as the head by the other members of the household	<u>Census</u> : Central Statistical Office	Total Population	Urban/Rural, District, Ethnicity, Sex, Age group, Marital & Union Status.	

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
III. WORK ³					
1. Labour force participation rate by age group	Ratio of the total Labour Force over the total working-age population 14 years and over	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	5 year age group	Total Labour Force/Working Age Population * 100
2. Unemployed population by employment status	The unemployed are persons who, during the reference period were without work; currently available for work; and wanting work	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	Sex, District, Urban/Rural, Age Group	
3. Employed population by employment status	The employed are persons who, during the reference period worked for at least one hour for wage or salary, payment in kind as well as persons with a formal attachment to their job but temporarily not at work	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	Sex, District, Urban/Rural, Age Group, Ethnicity	

³ Under “WORK” give minimum working age, reference period used, cut-off points

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
4. Employed population by occupation	<i>The employed definition stated on previous page</i>	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	9 major categories in ISCO	
5. Employed population by industry	“	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	ISIC, BCEA	
6. Employed population by urban/rural	“	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	Urban/Rural	
7. Employed population by marital status	“	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	Does not enquire of marital status	
8. Employed population by hours worked per week	“	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	0, 1-19, 20-34, 35-39, 40-54, 55-69, 70-84, 85+	
9. Population not in the labour force by activity and age	Persons 14 yrs and over who were not working, who were not looking or available for work.	<u>Labour Force Survey:</u> Central Statistical Office	Country-wide	Five-year age group starting with 14-19	
10. Employed population by educational attainment	Highest level completed	<u>Labour Force Survey:</u> Central Statistical	Country-wide	Primary, Secondary, Post Secondary,	

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
11. Share of women in wage employment in the non-agricultural sector	N/A	Office Labour Force Survey	N/A	University Non-agricultural Sector	N/A
IV. ECONOMY					
1. GDP growth rate	Change in annual Gross Domestic Product	Central Statistical Office	National Level	Primary, secondary and Tertiary activities	Current yr GDP at constant prices/previous year's at constant price *100 –100
2. GDP per capita	GDP/Total Population	Central Statistical Office	National Level	N/A	GDP at market prices/mid yr population
3. Average monthly earnings by occupation (groups)	N/A	Labour Force Survey	N/A	N/A	N/A
4. Income earners in households by sex of head of household	N/A	N/A	N/A	N/A	N/A
		Not compiled but data is available			

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
V. EDUCATION ⁴					
1. Literacy rate 15-24 and 25+ years	% of persons aged 14 and over who have at least completed Standard V (grade 7)	Census: Central Statistical Office	National	Sex, District, Urban/Rural, Ethnicity, Local/FB	Persons aged 14 and over who have at least completed Standard V/Population 14 +
2. Population 10 years and over by level of education		Census: Central Statistical Office	National	Sex	
3. Primary Gross enrolment Total # of primary students	# of children enrolled in Infant I to Standard VI, in relation to the total number of children aged 5-12	<u># of children enrolled in Infant I – Std. VI: Primary Education Information System (PREMIS) forms</u> # of 5 – 12yo: Central Statistical Office	Country-wide	Sex	# of children enrolled in Inf. I to Std VI/#of 5 – 12yo * 100
4. Secondary Gross enrolment	# of children enrolled in Form I to Form IV, in relation to the total number of children aged 13 - 17	<u># of children enrolled in Form I – Form IV : Planning Unit) MOE)</u> # of 13–17yo: Central Statistical Office	Country-wide	Sex	# of children enrolled in Form I to Form IV/# of 13 - 17yo * 100
5. School enrolment in tertiary level	N/A	N/A	N/A	N/A	N/A

⁴ Under ‘EDUCATION’ give age range for Primary, Secondary and Tertiary

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
6. Average repetition rates at primary/ secondary	P: % of children in primary school repeating a year	Primary Education Information system (PREMIS) forms	Country-wide	Sex, District & Urban/Rural (recorded but not compiled)	# of children repeating in primary school/# of children in primary school * 100
	S: % of children in secondary school repeating a year	Planning Unit, MOE	Country-wide	Sex, District & Urban/Rural (recorded but not compiled)	# of children repeating in secondary school/# of children in secondary school * 100
Average drop out rates at primary/secondary	P: % of children who dropped out of primary school	Planning Unit, MOE	Country-wide	Sex, District & Urban/Rural (recorded but not compiled)	# of children dropped out of primary school/# of children in primary school * 100
	S: % of children who dropped out of secondary school	Secondary Education Information System (SEMIS) forms	Country-wide	Sex, District & Urban/Rural (recorded but not compiled)	# of children dropped out of secondary school/# of children in secondary school * 100
7. Drop-out rates by reason at primary/secondary	N/A	N/A	N/A	N/A	N/A
8. Tertiary level enrolment by field of study	N/A	N/A	N/A	N/A	N/A

Belize – paper presented at the Grenada workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
9. Enrolment in vocational training	N/A	N/A	N/A	N/A	N/A
10. Teachers in primary/ secondary/third level of school	N/A	Planning Unit, MOE	Country-wide	Sex	N/A
11. Net enrolment ratio in primary education	# of children aged 5-12 enrolled in Infant 1 to Standard VI (grade 1 to grade 8), in relation to the total number of children aged 5-12	Planning Unit, MOE	Country-wide	Sex	# of 5 to 12yo enrolled in Inf. I to Std VI/# of 5 to 12yo * 100
12. Proportion of children starting Grade 1 who reach Grade 5	# of pupils in grade 5 during period (n) as a percentage of the # of pupils in grade 1 during (n-5)	Planning Unit, MOE	Country-wide	Sex	# of grade 5/Grade 1 * 100
13. Ratio of girls to boys in primary, secondary and tertiary education		Planning Unit, MOE	Country-wide	Sex	girl enrollment/boy enrollment
14. Ratio of literate females to males of 15-24 year olds	Those who have 7 or 8 yrs at primary level or from secondary level up	Central Statistical Office	Country-wide	Sex	# of literate females/# of literate males * 100

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
VI. HEALTH					
1. Life expectancy at birth	(is the average # of yrs a newborn is expected to live if he or she is to experience the prevailing age-specific mortality rate)	<u>Census Population:</u> Central Statistical Office	Total Population	Sex	Average # of Yrs of life at birth according to the expected mortality rates
2. Life expectancy by 5 years age group		Central Statistical Office	Total Population	Sex	(IMR indirect estimates) estimated IM rate base on survival of birth
3. Infant mortality rate	# of infant deaths, expressed per 1000 live births	General Registry	Country-wide	District, Urban/Rural (recorded but not compiled)	# of infant deaths/#of live births * 1000
4. Under-five mortality ratio	# of deaths of 0-4 yo/# of live births * 1000	NHISU	National	District, Urban/Rural (recorded but not compiled)	# of deaths in 0-4 yo/# of live births * 1000
5. Maternal mortality ratio	# of deaths of women from pregnancy-related causes per 100,000 live births	NHISU	National	District, Urban/Rural (recorded but not compiled)	# of deaths from pregnancy related causes/# of live births * 100,000

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
6. Births attended by trained personnel by type of occupation	N/A	N/A	N/A	N/A	N/A
7. Population with disabilities by type of disability		<u>Census</u> : Central Statistical Office	Total Population	District, Sex, Urban/Rural	
8. Mortality rates by cause of death and age	N/A	N/A	N/A	N/A	N/A
9. Access to safe water (Water Coverage)	Percentage of the population with reasonable access to safe water supply	<u>Population with access to safe water</u> : Public Health Bureau <u>Total Population</u> : Central Statistical Office	Rural Population	District and Rural only	Population with access to safe water/Total population * 100
10. Access to sanitation	Percentage of the population with reasonable access to sanitary means of excreta and waste disposal	<u>Population with reasonable access to sanitary means</u> : Public Health Bureau <u>Total Population</u> : Central Statistical Office	Rural Population	District and Rural only	Population with reasonable access to sanitary means/Total population * 100
11. Hospitals/clinics per 1,000 persons	N/A	N/A	N/A	N/A	N/A
12. Physicians per 10,000 persons	# of physicians	MOH	Nationwide	N/A	Physicians/Total population * 10000

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
13. Knowledge of HIV/AIDS by age and education		<u>Family Health Survey 1999</u> : Central Statistical Survey	Total Population	Male/Female	
14. Persons treated for HIV/AIDS by level of education and age	N/A	N/A	N/A	N/A	N/A
15. Number of newly confirmed cases by risk group exposure category and age group	N/A	N/A	N/A	N/A	N/A
16. Health personnel trained in HIV/AIDS care and management by profession	N/A	N/A	N/A	N/A	N/A
17. Mortality from HIV/AIDS by age, occupation, rural/urban	N/A	N/A	N/A	N/A	N/A
18. HIV/AIDS mortality as a percentage of total mortality	N/A	N/A	N/A	N/A	N/A
19. Cumulative total of HIV/AIDS by age group	N/A	N/A	N/A	N/A	N/A
20. Crude birth rate (per 1,000 persons)	The total number of births, expressed per 1000 population	NHISU	Country-wide	Sex, District, Urban/Rural	Total number of births/Total population * 1000

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
21. Crude death rate (per 1,000 persons)	The total number of deaths, expressed per 1000 population	# of deaths: Hospital registries and General registry <u>Total Population</u> : CSO	All recorded deaths	Sex, District, Urban/Rural	Total # of deaths/Total population * 1000
22. Proportion of 1 year old children immunized against MMR, DPT, OPV & TB	# of infants immunized against MMR, DPT, OPV, or TB, expressed per 100 infants	Public Health Nursing Service Monthly Report (Health Centers and Mobile Units Reports, Immunization campaigns registrar, private doctors investigations)	# of infants immunized and all infants	District and Urban/Rural (recorded but not compiled)	# of Infants immunized against MMR, DPT, OPV or TB/# of infants * 100
23. Contraceptive prevalence rate	Percentage of currently married women of reproductive age who is using (or whose partner) use a method of contraception	<u>Currently married women (15-44) who use a method of contraception</u> : Family Health Survey <u>Total # of currently married women (15-44)</u> : Family Health Survey	Sample Survey	Urban/Rural	Currently married women (15-44) who use a method of Contraception/Total # of currently married women (15-44) * 100
24. Number of children orphaned by HIV/AIDS	N/A	N/A	N/A	N/A	N/A

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
VII. CRIME					
1. Crime rates by type of crime	N/A	National Police Headquarters	N/A	N/A	N/A
2. Crime by urban/rural	N/A	National Police Headquarters	N/A	N/A	N/A
3. Injury by urban/rural	N/A	National Police Headquarters	N/A	N/A	N/A
4. Reported cases of domestic violence	N/A	National Police Headquarters	N/A	N/A	N/A
5. Victims of violence by type of crime and age	N/A	National Police Headquarters	N/A	N/A	N/A
6. Offenders by type of crime and age	N/A	National Police Headquarters	Total Population	N/A	N/A
7. Convictions by type of crime and age	N/A	National Police Headquarters	Total Population	N/A	N/A
8. Employed in judicial professions (lawyers, judges, police, prison personnel, etc.)	N/A	N/A	N/A	N/A	N/A
VIII. DECISION MAKING					
1. Members of parliament	House of	Central Statistical	National	Sex	N/A

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
2. Persons in high managerial positions in public and private sector including selected public order and safety occupations 3. Population voting in parliamentary elections 4. Selected Senior-Level positions in the Government Service 5. Persons employed as Legislators, Senior Officials and Managers 6. Persons employed by status in employment – Employers and Own Account Workers	Representative and Senate N/A N/A N/A N/A N/A	Office N/A Elections and Boundaries Commission N/A <u>Labour Force Survey:</u> Central Statistical Office N/A <div style="border: 1px solid black; padding: 2px; width: fit-content; margin: 0 auto;"> Available but not Compiled </div>	N/A Total Population N/A Sample Survey N/A	N/A Constituency, sex N/A N/A	N/A N/A N/A N/A
IX. POVERTY 1. Proportion of population below \$1 per day (PPP-values)	N/A	N/A	N/A	N/A	N/A

Belize – paper presented at the Grenada workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
2. Poverty gap index	The average proportionate distance of the poor from the poverty line	1995 Poverty Assessment Survey: Central statistical Office	Sample survey	District	N/A
3. Share of poorest quintile in national consumption	N/A	N/A	N/A	N/A	N/A
4. Prevalence of underweight children (under five years of age)	N/A	N/A	N/A	N/A	N/A
5. Proportion of population below minimum level of dietary energy consumption (indigent)	N/A	N/A	N/A	N/A	N/A
