Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
IV. ECONOMY					
1. GDP growth rate	% growth in one period over the GDP of the previous period.	National Accounts unit STATIN			
2. GDP per capita	GDP divided by mean population	National Accounts Unit STATIN			
3. Average monthly earnings by occupation (groups)		Not tabulated could be derived from LFS but income information usually unreliable			
4. Income earners in households by sex of head of household		LFS Census			
V. EDUCATION ⁴					
1. Literacy rate 15-24 and 25+ years	Literacy is the ability to read, comprehend, write and compute at least to the Grade 4 level.	Adult Literacy Surveys.	Sample of persons 15 years and over.	Functional Literacy Basic literacy Non-literate	Sample design similar to that for the Labour Force Surveys.

⁴ Under 'EDUCATION' give age range for Primary, Secondary and Tertiary

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
2. Population 10 years and over by level of education	Census, LFS, SLC				
3. School enrolment in primary level	All children registered in a school in grades 1 to grade 6	Ministry of Education Statistics Unit	Children ages 6 – 11		Summation of student enrollment in grades 1 – 6 by age and sex.
4. School enrolment in secondary level		As above	Students ages 12-16/18 in grades 7 – 11/13		
5. School enrolment in tertiary level	Persons registered in an institution offering tertiary level training.	As above	Persons 17 yrs and over		Summation of student enrollment in grades 7 – 11 by age and sex.
6. Progression, repetition and drop-out rates at primary/ secondary	<p>Progression Rate- The proportion of pupils from a cohort enrolled in a given grade at a given school year who study in a higher grade in the following year.</p> <p>Repetition Rate: The proportion of pupils from a cohort</p>	As above	All students in primary and secondary institutions		<p>No. of pupils reaching grade g+1 in year t+ 1 as a percentage of students enrolled in grade g in year t.</p> <p>No. of pupils repeating grade g</p>

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
7. Drop-out rates by reason at primary/secondary	<p>enrolled in a given grade at a given school year who study in the same grade the following school year.</p> <p>Drop-out Rate: The proportion of pupils from a cohort enrolled in a given grade at a given school year who leave school instead of proceeding to the next grade.</p>	MOE			<p>in year $t + 1$ as a percentage of the number of pupils enrolled in grade g in year t.</p> <p>No. of pupils dropping out from grade g in year t as a percentage of the No. of pupils in grade g in year t.</p>
V. EDUCATION (con't)					
8. Tertiary level enrolment by field of study		MOE			
9. Enrolment in vocational training	The no. of persons registered for training in a specified training	Annual Training Report (HEART)	Out of school students 17 years and over		

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
10. Teachers in primary/ secondary/third level of school	<p>programme/institution and skill area/course over a prescribed period of time.</p> <p>Teachers in primary: Employed to teach students in grade 1 – 6</p> <p>Teachers in secondary Employed to teach students at grade 7- 11/13</p> <p>Teachers at Tertiary Lecturers employed to lecture to persons pursuing certificate diploma and degree programmes</p>	Statistics Unit MOE	<p>Grade 1 – 6 schools or departments</p> <p>Grade 7 – 11 schools and departments</p> <p>Community Colleges, teachers colleges, Universities</p>		
11. Net enrolment ratio in primary education	Enrollment of the 6 – 11 age group at grades 1 – 6 expressed as a percentage of the 6 – 11 age group population	As above	Students ages 6 – 11 years and children in population ages 6 – 11 years.		

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
12. Proportion of children starting Grade 1 who reach Grade 5	Percentage of a cohort of pupils enrolled in the 1 st grade of a given level or cycle of education in a given school year who are expected to reach grade 5.	As above	Cohort of pupils in grade 1 in a given year Promotees to grade 5 through successive years.		Promotees from grade g who would join successive grades g thru n throughout successive years t as percentage of total no. of pupils belonging to a cohort c at a reference year k
13. Ratio of girls to boys in primary, secondary and tertiary education	Also known as gender parity index	As above			The no. of girls at a specific level divided by the number of boys at the same level
14. Ratio of literate females to males of 15-24 year olds		MOE, & Literacy Surveys			

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
VI. HEALTH					
1. Life expectancy at birth	Av. Number of years a newborn baby can expect to live	Census, Demography. Registrar General			
2. Life expectancy by 5 years age group	Av. Years of life remaining to a person who has attained age x.	Censuses, Registrar General STATIN			
3. Infant mortality rate	No of deaths of persons under 1 yr per 1000 live births	Mortality Study 2002, UWI, STATIN MOH			
4. Under-five mortality ratio	No of deaths of persons under 5yrs in a particular year by 1000 live births	Mortality Study 2002, UWI SATIN MOH			
5. Maternal mortality ratio	No. of women dying as a result of complications of pregnancy or childbirth in a particular year by 100,000 live births	Maternal Mortality in Jamaican Hospitals 1993-1995			

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
VI. HEALTH (con't)					
6. Births attended by trained personnel by type of occupation		Reproductive Health Survey			
7. Population with disabilities by type of disability	Census 2001 defined disability as any restriction or lack of ability in the manner or within a range considered normal for a person of that age.	Census			
8. Mortality rates by cause of death and age	No of deaths due to a specific cause per 100,00 mean population of that year	Census, Demography, Registrar General			
9. Access to safe water		SLC Census			
10. Access to sanitation		SLC Census			
11. Hospitals/clinics per 1,000 persons		Ministry of Health	Government facilities only		
12. Physicians per 1,000 persons		Ministry of Health	Includes UHWI excluded medical interns		

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
13. Knowledge of HIV/AIDS by age and education		Ministry of Health, RHS			
14. Persons treated for HIV/AIDS by level of education and age		Ministry of Health			
15. Number of newly confirmed cases by risk group exposure category and age group		MOH			
16. Health personnel trained in HIV/AIDS care and management by profession		MOH			
17. Mortality from HIV/AIDS by age, occupation, rural/ urban		MOH, Registrar General			
VI. HEALTH (con't)					
18. HIV/AIDS mortality as a percentage of total mortality		MOH RGD			
19. Cumulative total of HIV/ AIDS by age group	No of births registered in a year	MOH			
20. Crude birth rate (per 1,000 persons)	per 1000 mean population of that year No of deaths registered in a year	RGD , Demography unit STATIN			

Jamaica – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
8. Employed in judicial professions (lawyers, judges, police, prison personnel, etc.)		Services Commission, Public Service Commission Bar assoc.			
<p>VIII. DECISION MAKING</p> <p>1. Members of parliament</p> <p>2. Persons in high managerial positions in public and private sector including selected public order and safety occupations</p> <p>3. Population voting in parliamentary elections</p> <p>4. Selected Senior-Level positions in the Government Service</p> <p>5. Persons employed as Legislators, Senior Officials and Managers</p> <p>VIII. DECISION MAKING</p> <p>6. Persons employed by status in employment – Employers and Own Account Workers</p>		<p>Office of Parliament LFS and Employers Federation</p> <p>Electoral Office</p> <p>Office of the Services Commission. Census</p> <p>LFS Census</p> <p>LFS</p>
