Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
3. Average monthly earnings by occupation (groups)		Household Budgets Survey	National Sample of Private Households	ISCO -88	
4. Income earners in households by sex of head of household		Household Budgets Survey	National Sample of Private Households		Earnings of Households/ No. of households in sample Persons whose main source of Income is derived from economic activity i.e. income from employment, self employment, part-time work.
V. EDUCATION ⁴ 1. Literacy rate 15-24 and 25+ years 2. Population 10 years and over by level of education 3. School enrolment in primary level	Not Available	Population and Housing census Annual Statistical Returns for Primary and Secondary	All Primary Schools		

⁴ Under 'EDUCATION' give age range for Primary, Secondary and Tertiary

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
4. School enrolment in secondary level		Schools	All Secondary Schools		
5. School enrolment in tertiary level		“			
6. Progression, repetition and drop-out rates at primary/secondary		UWI year book Annual Statistical Returns for Primary and Secondary Schools	UWI		
7. Drop-out rates by reason at primary/secondary	Pupils who have not been enrolled in school since the beginning of the school year.	“	All Secondary and Primary Schools		
V. EDUCATION (con't)					
8. Tertiary level enrolment by field of study		UWI St. Augustine year book			
9. Enrolment in vocational training	San Fernando, Point Fortin Technical Centres & John Donaldson Technical Institute	Questionnaires San Fernando, Point Fortin Technical Centres & John Donaldson Technical Institute	San Fernando, Point Fortin Technical Centres & John Donaldson Technical Institute	Craft and Technician Courses	
10. Teachers in primary/secondary/third level of school					
11. Net enrolment ratio in primary education	Percentage enrolled based on actual	Not prepared currently			Total enrolment population in

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p>12. Proportion of children starting Grade 1 who reach Grade 5</p> <p>13. Ratio of girls to boys in primary, and secondary education</p> <p>14. Ratio of literate females to males of 15-24 year olds</p>	<p>population</p> <p>Statistic Not</p>	<p>Currently</p> <p>Education Report</p>	<p>Prepared</p> <p>All Public Schools in T&T. Data available for tertiary is inadequate</p>		<p>primary schools/population total (for specific year)*100</p> <p>Girls/ Boys</p>
<p>VI. HEALTH</p> <p>1. Life expectancy at birth</p> <p>2. Life expectancy by 5 years age group</p>	<p>The average number of years of life a new born infant may be expected to live under the schedule of age specific mortality currently in effect</p> <p>The average number of years a person may be expected to live given age group</p>				

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
3. Infant mortality rate	The no. of deaths of infants under 1 year per 1000 live births	Births and deaths data	All infants in T&T		Infant deaths less than 1 year / live births * 1000
4. Under-five mortality ratio	The no. of children less than 5 years old per 1000 population less than 5 years old	Deaths and population data	All children less than 5 years old in T&T		Deaths of children less than 5 years old /population less than 5 years old * 1000
5. Maternal mortality ratio	No. of deaths of women due to complications of pregnancy, childbirth and puerperium per 100 000 live births.	Births and deaths in females due to complication of pregnancy, childbirth and puerperium	All females in T&T who died from complications of pregnancy, childbirth and puerperium		Deaths due to complications of pregnancy, childbirth and puerperium/ Live births* 1000
VI. HEALTH (con't)					
6. Births attended by trained personnel by type of occupation	Trained refers to doctors or midwives. Occupation data not collected	Birth returns obtained by District Registrar	All mothers in Trinidad and Tobago who gave birth during Calendar Year		

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
7. Population with disabilities by type of disability					
8. Mortality rates by cause of death and age	Death by case per 100 000 population in the age groups	Death returns for District Registrars Mid-year estimates of population	All deaths in T&T excluding Foreign Deaths during Calendar Year		Death by cause in age group x/ Population in age group x * 100 000
9. Access to safe water		Population and Housing census	National		Categories found to be safe water are divided by total number of dwelling units
10. Access to sanitation		Population and Housing census	National		Categories found to be good sanitation are divided by total number of dwelling units.
11. Hospitals/clinics per 1,000 persons					
12. Physicians per 1,000 persons					
13. Knowledge of HIV/AIDS by age and education					
14. Persons treated for					

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
HIV/AIDS by level of education and age 15. Number of newly confirmed cases by risk group exposure category and age group 16. Health personnel trained in HIV/AIDS care and management by profession 17. Mortality from HIV/AIDS by age, occupation, rural/urban	Data not collected	Death returns from District Registrars	All deaths in T&T excluding Foreign deaths during a Calendar Year		
VI. HEALTH (con't)					
18. HIV/AIDS mortality as a percentage of total mortality 19. Cumulative total of HIV/AIDS by age group	All persons who were diagnosed as having died from H.I.V disease	Medical Certificate of cause of death obtained from Registrar General Dept.	All persons living in T&T		No. of persons dying from HIV in year x/Total deaths in year x *100,000
20. Crude birth rate (per 1,000 persons)	All products of conception, which showed signs of life after expulsion from mother's wombs.	Birth returns obtained by District Registrars	All live births occurring in T&T		No. of live births in year x/Total population in year x *1000

Trinidad & Tobago – Indicator list presented at the Grenada Workshop

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
21. Crude death rate (per 1,000 persons) 22. Proportion of 1 year old children immunized against MMR, DPT, OPV & TB 23. Contraceptive prevalence rate 24. Number of children orphaned by HIV/AIDS	All persons who died MICS No data	Medical Certificate of cause of death obtained from Registrar General Department	All deaths occurring in T&T		No. of deaths in year x/Total population in year x *1000
VII. CRIME 1. Crime rates by type of crime 2. Crime by urban/rural 3. Injury by urban/rural 4. Reported cases of domestic violence	Crime per 1000 population Data not collected Data not collected Domestic Violence denotes the abuse of a spouse's parent or dependent which	Police, Probations and Prisons Probation	National-by Police Division	Serious Crimes, Minor Crimes & Minor Offences	Crime/Population
