

**ANNEX III to  
GEN/S/SOC/WS/2003/1/REP.**

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<b>I. POPULATION <sup>1</sup></b>  1. Total Population 2. Population by age group (0-4, 5-9, 10-14, ..... 75-79, 80+)					
<b>II. FAMILIES AND HOUSEHOLDS <sup>2</sup></b>  1. Population by marital status and age group 2. Population by union status 3. Total Fertility Rate (births per woman) 4. Contraceptive use by union status, age group, rural/urban, type 5. Household by size and head of household					

<sup>1</sup> Include whether Population estimates are mid-year or end-of-year and whether done by *de jure* or *de facto* method;

<sup>2</sup> Include categories used for marital status, union status, type of contraceptive etc.

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>III. WORK</b><sup>3</sup></p> <ol style="list-style-type: none"> <li>1. Labour force participation rate by age group</li> <li>2. Unemployment population by employment status</li> <li>3. Employed population by employment status</li> <li>4. Employed population by occupation</li> <li>5. Employed population by industry</li> <li>6. Employed population by urban/rural</li> <li>7. Employed population by marital status</li> <li>8. Employed population by hours worked per week</li> <li>9. Population not in the labour force by activity and age</li> <li>10. Employed population by educational attainment</li> <li>11. Share of women in wage employment in the non-agricultural sector</li> </ol>					

<sup>3</sup> Under "WORK" give minimum working age, reference period used, cut-off points

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>IV. ECONOMY</b></p> <ol style="list-style-type: none"> <li>1. GDP growth rate</li> <li>2. GDP per capita</li> <li>3. Average monthly earnings by occupation (groups)</li> <li>4. Income earners in households by sex of head of household</li> </ol>					
<p><b>V. EDUCATION</b> <sup>4</sup></p> <ol style="list-style-type: none"> <li>1. Literacy rate 15-24 and 25+ years</li> <li>2. Population 10 years and over by level of education</li> <li>3. School enrolment in primary level</li> <li>4. School enrolment in secondary level</li> <li>5. School enrolment in tertiary level</li> <li>6. Progression, repetition and drop-out rates at primary/secondary</li> <li>7. Drop-out rates by reason at primary/secondary</li> </ol>					

<sup>4</sup> Under 'EDUCATION' give age range for Primary, Secondary and Tertiary

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>V. EDUCATION (con't)</b></p> <p>8. Tertiary level enrolment by field of study</p> <p>9. Enrolment in vocational training</p> <p>10. Teachers in primary/secondary/third level of school</p> <p>11. Net enrolment ratio in primary education</p> <p>12. Proportion of children starting Grade 1 who reach Grade 5</p> <p>13. Ratio of girls to boys in primary, secondary and tertiary education</p> <p>14. Ratio of literate females to males of 15-24 year olds</p>					
<p><b>VI. HEALTH</b></p> <p>1. Life expectancy at birth</p> <p>2. Life expectancy by 5 years age group</p> <p>3. Infant mortality rate</p> <p>4. Under-five mortality ratio</p> <p>5. Maternal mortality ratio</p>					

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>VI. HEALTH (con't)</b></p> <p>6. Births attended by trained personnel by type of occupation</p> <p>7. Population with disabilities by type of disability</p> <p>8. Mortality rates by cause of death and age</p> <p>9. Access to safe water</p> <p>10. Access to sanitation</p> <p>11. Hospitals/clinics per 1,000 persons</p> <p>12. Physicians per 1,000 persons</p> <p>13. Knowledge of HIV/AIDS by age and education</p> <p>14. Persons treated for HIV/AIDS by level of education and age</p> <p>15. Number of newly confirmed cases by risk group exposure category and age group</p> <p>16. Health personnel trained in HIV/AIDS care and management by profession</p> <p>17. Mortality from HIV/AIDS by age, occupation, rural/urban</p>					

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>VI. HEALTH (con't)</b></p> <p>18. HIV/AIDS mortality as a percentage of total mortality</p> <p>19. Cumulative total of HIV/AIDS by age group</p> <p>20. Crude birth rate (per 1,000 persons)</p> <p>21. Crude death rate (per 1,000 persons)</p> <p>22. Proportion of 1 year old children immunized against MMR, DPT, OPV &amp; TB</p> <p>23. Contraceptive prevalence rate</p> <p>24. Number of children orphaned by HIV/AIDS</p>					
<p><b>VII. CRIME</b></p> <p>1. Crime rates by type of crime</p> <p>2. Crime by urban/rural</p> <p>3. Injury by urban/rural</p> <p>4. Reported cases of domestic violence</p> <p>5. Victims of violence by type of crime and age</p>					

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>VII. CRIME</b></p> <p>6. Offenders by type of crime and age</p> <p>7. Convictions by type of crime and age</p> <p>8. Employed in judicial professions (lawyers, judges, police, prison personnel, etc.)</p>					
<p><b>VIII. DECISION MAKING</b></p> <p>1. Members of parliament</p> <p>2. Persons in high managerial positions in public and private sector including selected public order and safety occupations</p> <p>3. Population voting in parliamentary elections</p> <p>4. Selected Senior-Level positions in the Government Service</p> <p>5. Persons employed as Legislators, Senior Officials and Managers</p>					

Name of Indicator/ Statistic	Definitions currently Used	Source(s) of Data	Coverage of The Data	Categories Used	Methodology or Formula Used
<p><b>VIII. DECISION MAKING</b></p> <p>6. Persons employed by status in employment – Employers and Own Account Workers</p>					
<p><b>IX. POVERTY</b></p> <p>1. Proportion of population below \$1 per day (PPP-values)</p> <p>2. Poverty gap ratio (incidence x depth of poverty)</p> <p>3. Share of poorest quintile in national consumption</p> <p>4. Prevalence of underweight children (under five years of age)</p> <p>5. Proportion of population below minimum level of dietary energy consumption (indigent)</p>
