<p><b>Balance of Payment</b></p>	<p>2006-2011 Current Account</p> <p>Currently working on the compilation of the 2011 and 2012 Financial and Capital Accounts of the Balance of Payments</p>	<p>Current account December 2011</p>	<p>Lack of capital and financial accounts data.</p>	<p>Recently developed in 2008 using BMP5.</p> <p>2013 Economic Survey response rate has improved but is still low</p> <p>Limited access to administrative data for financial services</p> <p>Excel-based data processing has limitations. Require a more robust software.</p> <p>The treatment of off-shore companies poses challenges. Currently treated as non-residents but BPM5/6 treat them as residents although they have no physical presence. Also, exempt from participating in surveys under Stats Law.</p>	<p>Software program for BOP compilation</p> <p>In-house computer programmer</p> <p>Note:</p> <p>Two Statisticians participated in United Nations Regional Workshop on Travel and Tourism Statistics, Roseau, Dominica, 14-17 May 2013</p> <p>IMF/CARTAC Mission Nov 12-15, 2013 to assist in BPM6 transition (BOP + IIP), and review financial and capital accounts estimates</p>	

AREA OF STATISTICS	DATA PRODUCTION (Tables etc.)	DATA DISSEMINATED	DATA GAPS	BEST PRACTICES/ CHALLENGES	RESOURCES REQUIRED	USE OF TECHNOLOGY
<b>Trade</b>	Annual trade and quarterly trade statistics by SITC, and Country of Origin. Quarterly trade reports started in 2012	2012 Annual Foreign Trade Statistics Report  Quarterly (Q1 and Q2) 2013 Trade Bulletins	Missing and incorrect codes, missing value and/or quantity.	New Harmonised System for coding customs goods that replaced the Cayman Islands Tariff codes was introduced at Customs Department.  Expansion of the tariff codes from four digits to eight digits.  System of linking trade data SITC to CPC and COICOP was developed at the ESO.	ESO, Customs and Chamber of Commerce collaborated in training staff and importers on the harmonised system and TRIPS.  Staff members attended training on the custom trade processing system - Total Revenue Integrated Processing System(TRIPS).	Integrated Revenue Processing System (TRIPS) was introduced in May 2013
<b>Consumer Price Index</b>	1991-2013	Quarterly Reports	Weights are based on 2007 HBS. Weights for items such as housing whose prices have persistently gone down since 2007 may now be overweighed.	Prices are collected monthly for volatile items.  Efficient data processing software that allows multiple entries (CPI-PRO)	New HBS being planned, with TA from CARTAC, to be implemented Oct 2014-Sept 2015.	CPI-PRO

<b>Labour Force</b>	2012 LFS Report  Data collection 2013 (October-November) on-going	2012 LFS Report	The LFS questionnaire was re-designed to capture information on training and usual economic status.  It still does not capture informal activities.	Sampling frame is based on Census 2010 household data base, with updates taken in July-Aug 2013  Teleform is used to produce questionnaires and process data in-house.  Industry codes are based on ISIC Rev.4.  Immigration Department and Department of Employment Relations collaborate with ESO in the use of ISIC and ISCO codes for work permit holders and job seekers, respectively.	Hand-held data collection devices should be explored.	Cardiff Teleform for data capture and SPSS for data cleaning and processing.
<b>ICP</b>	Q1 to Q4 2012 prices validated  All special surveys – education, equipment, government employment, education prices and employment and MORES	To be disseminated through the Global Report in March 2015	GDP by expenditure	Note: Borrowed expenditure ratios from Bermuda and Bahamas in developing GDP by expenditure	Required for next phase – expenditures approach GDP which will require an HBS

<b>Other Social Statistics Initiatives</b>  <b>MDG</b>			These indicators are not yet monitored in the Cayman Islands. Proposed for inclusion in 2013 subject to Cabinet Note approval.	Need to identify and develop metadata for monitoring.	Official signing on by the Government of the Cayman Islands is required. It is proposed that a Cabinet Note from the National Statistics Coordination Committee be submitted.  Senior Statistician will attend training for CSMDG in Dec 2013	
<b>Environmental and Environmental Health Statistics</b>	Stats for 2012 and prior years	2012 Compendium of Statistics	No information available on fish catch and landing by type and boat days  No detailed information on water statistics.	This is a new area of statistics for the ESO. Networked with other government ministries and departments that produce relevant environment statistics. Now have data on marine parks in 3 islands, and greenhouse gas emissions.  Information on waste disposal, waste reduction and recycling, Hazardous waste, Food Safety and Hygiene Surveillance among other topical issues	One officer was assigned the duties of collecting and compiling environment statistics. Officer received some on the job training but needs formal training.	

AREA OF STATISTICS	DATA PRODUCTION (Tables etc.)	DATA DISSEMINATED	DATA GAPS	BEST PRACTICES/ CHALLENGES	RESOURCES REQUIRED	USE OF TECHNOLOGY
<b>Immigration Data</b>			No information on emigration	Detailed information available on immigrants (work permit holders) compiled by the Immigration Department		
<b>Tourism data</b>	2012	2012 Compendium of Statistics	Tourism expenditure data outstanding for 2008 onwards.	Survey methodology (by Dept of Tourism) need to be reviewed.		
<b>Agriculture statistics</b>	2012	2012 Compendium of Statistics	Mainly livestock (now includes poultry) and sales of fertilizers information. Lacks information on acreage cultivated.			
<b>Violence against Women</b>	2012	2012 Compendium of Statistics(Protective Services)	Limited to offences against the person	Require an evaluation of the RCIPS reporting structure and compilation of information on reported cases of violence against women.		
<b>Education</b>	2012	2012 Compendium of Statistics		Data to estimate gross and net enrolment rates are now available.  Now includes Early Childhood Care and		

AREA OF STATISTICS	DATA PRODUCTION (Tables etc.)	DATA DISSEMINATED	DATA GAPS	BEST PRACTICES/ CHALLENGES	RESOURCES REQUIRED	USE OF TECHNOLOGY
Health Statistics	2012	2012 Compendium of Statistics		Education Enrollment and Staffing. In previous years there was information on Primary, Secondary and Tertiary enrolment, Examination Results and Library Statistics  Information on the ten leading causes of Resident deaths by Rank and Sex for 2012 and statistics on Immunization are now included		
	2012	<b>Chronic Disease Risk Factor Survey</b> (Report by the Ministry of Health: Chronic Disease Risk factor Survey Report including Fact Sheet and data Book)		Survey methodology was adopted from PAHO	CIG received TA from Pan American Health Organization	PDAs were used by ESO for the first time to collect data from households. These were on loan from CAREC
