

GOVERNMENT OF BERMUDA
Cabinet Office

Department of Statistics

**MESSAGE FROM THE
SECRETARY TO THE CABINET**

**Statistics Day
Tuesday, October 15th 2013**

TO: STAFF – Department of Statistics

As we mark Statistics Day in Bermuda, on behalf of the Premier of Bermuda and myself, I wish to congratulate you and the entire staff in the Department of Statistics for your dedicated, professional and unceasing efforts in the timely production and distribution of social and economic data that assists policy makers, businesses and researchers in:

- Formulating and evaluating public policy in health, education, transport, law enforcement, taxation, waste management and much else besides
- Making sound business decisions based on market research including analysis of income levels, market size and location factors
- Gaining insight in the dynamics of demographic changes in Bermuda and their implications for Bermuda's future

We also commend you for helping to educate the broader community about the importance of statistics in their everyday lives.

You play a vital role in helping our community to seek the facts in problem solving and creating realistic and achievable solutions.

Thank you and keep it up!

*Donald AM Scott, JP
Secretary to the Cabinet
Cabinet Office*
